

LEED Credits

Dryvit materials contribute to LEED Credits in the following categories:

- Recycled Content
- Regional Materials
- Low-Emitting Materials

Project specific letters with LEED information are provided upon request based on the materials used and project location. **For more information regarding LEED Credit letters or to request one, please contact Dryvit's Engineering Department at engineering@dryvit.com.** Below is a sample LEED Credit letter.

DRYVIT SYSTEMS, INC.

www.dryvit.com

One Energy Way
West. Warwick, RI 02893

Tel: (401) 822-4100
Fax: (401) 823-8820 (Engr./R&D)
Fax: (401) 822-1980 (Mktg.)

Sandpebble®

LEED Credits

MR Credits 4.1 & 4.2: Recycled Content
Preconsumer, % by weight: 0.05%
Postconsumer % by weight: 0.11%

MR Credits 5.1 & 5.2: Regional Materials
Regional extraction and manufacture must be within a 500 mile radius of the project site.
Manufacture location: XXX miles from the project site.
Raw materials extraction location: XXX miles from the project site.

Indoor Environmental Quality (IEQ) Credit 4.2 Low-Emitting Materials:
Paints and Coatings
VOC content: 18.89 g/L

Regards,

A handwritten signature in black ink that reads "Paul R. Russell".
