

AMERISTONE™

RUGGED AND NATURALLY BEAUTIFUL,
A FINISH THAT EXUDES STRENGTH.

BUILD THE TREND

An Elegant Architectural Stone Finish with Flecks of Quartz

Ameristone: rock solid and beautiful, provides the architect and designer with a new level of durability and performance in an elegant architectural stone finish. It is a dramatic blend of natural aggregates varying in size and color, encased in a clear, 100% acrylic binder.

Ameristone is recommended for use with any of Dryvit's exterior insulation and finish systems. It can also be used as a finish over properly prepared stucco, concrete and masonry substrates. Ameristone is an exterior and interior finish that is suitable for all building types.
